Education

Graphic Era Hill University   **Aug 2021 – Ongoing**
Bachelor Degree in Computer Science & Engineering   *Dehradun, Uttarakhand*

The Indian Academy   **Mar 2021**
Intermediate (PCM)   *Dehradun, Uttarakhand*

Work Experience

S&S ThinkHub Company   **Jan 2025 – Ongoing**
Frontend Web Developer Intern   *Dehradun, Uttarakhand*

- Developed a comprehensive sitemap that improved site navigation and SEO performance by 15%, leading to enhanced user experience and faster content discovery.
- Collaborated with a UI/UX designer to create an engaging website design using Figma, ensuring a user-centric approach.
- Converted Figma designs into a fully responsive and optimized React.js web application, adhering to modern frontend standards.
- Collaborated with the development team to enhance design consistency and usability.

Projects

Movie Application | *HTML, Tailwind CSS, JavaScript, React.js*   **January 2025**

- Developed a movie application using React 19 and Tailwind CSS, integrating the Movie Database API for real-time movie data and seamless user interaction.
- Optimized search functionality with real-time results and dynamic trending movie features, improving the app's user experience.
- Leveraged React hooks to efficiently manage state and lifecycle events, ensuring smooth app performance and maintainability.

FitClub Exercise App | *HTML, CSS, JavaScript, React.js, RapidAPI*   **December 2024**

- Developed and deployed a modern fitness exercise app using React 18, showcasing advanced frontend development skills.
- Integrated Rapid API to fetch real-time exercise data, enhancing the app's functionality and providing users with a rich fitness database.
- Ensured responsive design for seamless performance across devices, including desktops, tablets, and smartphones.

Personal Portfolio | *HTML, CSS, JavaScript*   **October 2024**

- Designed and developed a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase projects and skills effectively.
- Integrated interactive features and animations, enhancing user experience and engagement.
- Optimized website performance by implementing clean, efficient code, ensuring fast load times and seamless navigation.

Technical Skills

Languages: Python, Java, C, HTML/CSS, JavaScript, Tailwind CSS, SQL
Developer Tools: VS Code, Eclipse, Google Colab, PostgreSQL, Jupyter Notebook
Technologies/Frameworks: Bootstrap, Git, GitHub, RapidAPI, React.js, Node.js

Certificates

Full-Stack Web Development Certification   **January 2025**
Udemy — Link   *Online*

- Completed an extensive course covering frontend and backend development, including HTML, CSS, JavaScript, React.js, Node.js, and PostgreSQL.
- Gained hands-on experience in building and deploying full-stack web applications.

Java Programming Certification   **October 2024**
Excess Computer Education Society — Link   *Offline*

- Learned core Java from basics to advanced topics, including OOPs concepts, exception handling, and multithreading.

Data Structure Through C Certification   **September 2024**
Excess Computer Education Society — Link   *Offline*

- Learned and implemented key data structures, including arrays, linked lists, stacks, queues, graphs, and trees.
- Learned algorithms for sorting, searching, and dynamic memory allocation in C.
